OPPORTUNITY ZONE 3

Florida Opportunity Zones

The "Opportunity Zones" program, which is still being formulated by the federal government, could offer trillions of dollars in tax savings for real estate investors and the prospect of lower investment costs for developers and builders. The catch is the investment and development must be in certain zones designated by the state as needing economic assistance.

Here's how it works: Investors can defer paying taxes on investment gains until either the sale date of an Opportunity Funds investment or Dec. 31, 2026, if they put the money into Opportunity Zone funds. Those funds must be invested in areas that have a poverty rate of at least 20 percent, or a median income not exceeding 80 percent of the surrounding metro area.
